5. **A description of work performed to date as part of the contract and a full description of work to be performed during any future phasing of the contract.**

It is the objective of the City to mitigate overflows of DSR 335 to the 10-year level of service. The City will evaluate and determine if this LOS is best achieved with strictly I&I elimination with GI or in combination with some gray infrastructure.

Describe in full the changed conditions that require modification of the contract scope and amount.)

N/A

11. An explanation of why the work to be performed as part of the contract modification cannot be bid out. (Indicating the work to be a logical extension of the contract is not sufficient explanation.)

Re-bid of the project under the new requirements will likely result in a higher project costs as much of the project history would be lost and required to be rediscovered by another consultant unless won by the same consultant. In such a case, we would have wasted significant time in acquiring and evaluating the new proposals without significant benefit.

12. A cost summary to include the original contract amount, the cost of each modification to date (list each modification separately), the cost of the modification being requested in the legislation, the estimated cost of any future known modifications and a total estimate of the contract cost.

| | |
|-------------------|-----------------------|
| Initial Contract: | \$1,706,878.00 |
| Modification #1: | \$ 400,014.81 |
| Modification #2: | \$ 600,000.00 |
| Total | \$2,706,892.81 |

13. An explanation of how the cost of the modification was determined.

The costs of Mod #1 were determined by negotiations between Stantec and DOSD.

14. Sub-Consultants identified to work on this contract, their contract compliance no. & expiration date, and their status (NPO, MAJ, MBE, FBE, HL1, AS1, or MBR):
