Sorry for all the confusion and questions, I am still trying to get a grip on the process.

Once the ordering bank opens up in middle October, can I purchase these items we have been working on? Or do I get the hard quotes from Ford, send Jon the actual amounts needed before we process through DAX?

I was reluctant to send him an email with projected costs, which is why I am asking the correct way to handle this.

Also when sending him the amounts, I would assume to include each DAX string for individual items would be expected, correct?

Again, sorry for all the questions, I still have my training wheels on!

Thanks Pam!

You will need to tell him the final amounts for the purchases & that it needs to be Emergency Legislation.

All,

After discussion with Dan, I have to correct the price suggestions

DOW

F250- 60,000

F350- 70,000

F450- 75,000

DOP

The suv was denied by the directors office.

We will be purchasing two E Transits

1- 64,000

2- 80,000

I hope this is helpful.

Pam,

Just want to verify with Ryan about the vehicles being purchased before entering these.

DOW

F250 - \$60,000

F350 - \$65,000

F450 - \$55,000

DOP

SUV - \$45,000

These are what I would recommend.

Sorry for the slow response on these emails. I have been out of the office unexpectedly. I have emails out to our Ford vendor attempting to get rough quotes on SuperDuty vehicles we need. Once

I have those, I can provide the amount needed for legislation. Dan, since you are in a similar spot, would you recommend a certain dollar figure for our vehicles? i have attached the budgets for Power, and Water for you to see what we are looking at. Power has Two different E Transits waiting on quotes. Water has three Super Duty vehicles that need quotes. Again sorry for getting back so late.
