

**2020 Fire Hydrant Replacements, CIP 690527-100003, Contract No. 2339**

**Information to be included in all Legislation authorizing entering into a Contract:**

1. **The names, contract compliance no. & expiration date, location by City/State and status of all companies (NPO, MAJ, MBE, FBE, HL1, AS1, or MBR) submitting a competitive bid or submitting an RFP or RFSQ.**

<u>Name</u>	<u>C.C. No./Exp. Date</u>	<u>DAX #</u>	<u>City/State</u>	<u>Status</u>
Conie Construction Co. Darby Creek Excavating, Inc. Danbert, Inc.	31-0800904 – 2/6/21	4320	Columbus, OH	MAJ

2. **What type of bidding process was used (ITB, RFP, RFSQ, Competitive Bid).**

Formal, competitive bids were received on November 4, 2020.

3. **List the ranking and order of all bidders.**

1. Conie Construction Co.	\$1,236,438.50
2. Darby Creek Excavating, In.	\$1,242,604.00
3. Danbert, Inc.	\$1,418,034.12 *after bid tab correction

4. **Complete address, contact name, phone number, and e-mail address for the successful bidder only.**

Conie Construction Co.  
1340 Windsor Ave., Columbus, OH 43211  
Craig Conie, President, (614) 291-5931  
Bill O'Malley, V.P., [billo@conie.com](mailto:bill@conie.com)

5. **A full description of all work to be performed including a full description of work to be performed during any known phasing of the contract. The planning area should also be listed as well as any street or neighborhood names.**

This project will replace fire hydrants at various locations within the City of Columbus, and such other work as may be necessary to complete the contract in accordance with the plans and specifications.

The Community Planning Area is "99-Citywide" since work will be throughout the City of Columbus.

6. **A narrative timeline for the contract including a beginning date, beginning and ending dates for known phases of the contract and a projected ending date.**

Contract work is required to be completed in a manner acceptable to the City within 600 days from the date that a Notice To Proceed (NTP) is given by the City.

7. **A narrative discussing the economic impact or economic advantages of the project; community outreach or input in the development of the project; and any environmental factors or advantages of the project.**

This project provides for general rehabilitation of the water distribution system and includes the repair or replacement of existing fire hydrants. The replacement hydrants will provide adequate fire flows and improve water quality throughout the system. These hydrants may be utilized for flushing water mains, releasing trapped air, and as a resource to determine if a successful main shut has occurred.

8. **An estimate of the full cost of the Contract including a separate estimate of any and all phases or proposed future contract modifications.**

The bid amount and proposed award amount is \$1,236,438.50, including a 10% construction contingency amount that will be utilized to fund needed and approved changes in the work. No contract modifications are anticipated at this time; however, construction exigency might later compel modification of this contract, if unforeseen difficulties are encountered.

Cost summary:

Original Contract	\$1,236,438.50
Future Anticipated Needs	\$ <u>0.00</u>
CONTRACT TOTAL	\$1,236,438.50

\*An additional \$2,000.00 will also be encumbered for Prevailing Wage services.
