The centerline described in this document refers to the centerline of construction as shown on the City of Columbus roadway plan “Kenny Road Sidewalk Improvements (3113 Dr. E)”.

The basis of bearings in this description area based on the State Plane Coordinate System, Ohio South Zone, NAD83 (NSRS 2011), which were determined by GPS observations conducted by the Patrick Engineering survey staff. The Columbus, Mount Vernon and McConnelville CORS stations were used, which establishes a bearing along the centerline of Kenny Road to be N 3°17'54"E between Henderson Road and station 86+01.50 (just south of Weybridge Road).
