EXPERIENCE

- Phillip Markwood Architects Inc., Columbus, Ohio.
Project Manager / Project Architect.
January 1995 to Present.
Supervised and coordinated projects from schematic design, through design development, working drawings and construction for a design oriented firm sensitive to client and context. Through an emphasis on details and concepts, clients are offered an inclusive and responsive design solution for each project. Coordinated the integration of computer technologies into the design and working drawings process. Worked with religious, commercial, residential, and institutional clients on church, university, office and nursing home additions and renovations, residential additions, and single family HUD housing projects.
- Columbus Neighborhood Design Assistance Center, Columbus, Ohio.
Associate Director of Design.
August 1992 to January 1995.
Supervised and managed seven architectural and landscape architectural graduate and undergraduate interns. Worked with all clients to improve the physical appearance and economic performance of Columbus's inner-city commercial neighborhoods both as distinct communities and as integral elements of the City of Columbus. Supervised the creation of design guidelines, gateway features, capital improvements and banner designs for neighborhood business associations. Involved with marketing and public relations and educating the public about architectural design. Managed an international Urban House Competition.
- Phillip Markwood Architects Inc., Columbus, Ohio.
Project Architect.
May 1987 to August 1992.
Supervised and coordinated design, working drawings and construction of commercial, institutional, residential, city and state projects. Managed all Computer Aided Design for the office. Worked on office additions, corporate interiors, banks, church additions and renovations, upscale residential, residential additions, City of Columbus School projects and state projects.

- Agency for International Development, Khartoum, Sudan, Africa.
Administrative Assistant and Architectural Aide.
June to August 1984 and 1985.
Directed and supervised college students and local personnel in conducting a physical inventory of 65 housing units and several office buildings. Developed an inventory system and computerized the records. Prepared measured drawings for 70 residential properties. Provided plans for rehabilitation of several residences.
- American Embassy, Yaounde, Cameroon, Africa.
Administrative Assistant.
May to August 1983.
Drew architectural plans for renovations of General Services Administration Compound and Embassy Chancery.
