**address: 2273 Indiana Ave
Columbus, OH 43202**

ABOUT ME

I have experience in solar permitting and interconnection in Columbus, public speaking, environmental communications, environmental and social advocacy, social media, GIS/cartography experience, limited graphic design, and photography.

SKILLS

Government paperwork, in person and online communication with a wide range of audiences, developing persuasive communications, environmental interpretation (creating emotional and intellectual connections with subject matter), photography, social media marketing, content development, project management, online and in person presentations, and website management

WORK EXPERIENCE

SOLAR COORDINATOR/MARKETING COORDINATOR

September 2021 - present | Ecohouse Solar

File for permitting and interconnection applications, attend zoning hearings, stay up to date on various local, state, and federal policy, photography, run social media accounts and work with a marketing firm to run ad campaigns, write website and social media content, and manage company website content

DISABILITY SERVICES TESTING ASSISTANT

November 2018 - September 2021 (& May 2012 - May 2013 | Columbus State

Schedule and proctor exams with accommodations for students, work with faculty and staff to ensure students receive testing and classroom accommodations, file and organize testing materials, communicate with faculty, staff, and students about school and federal policy

Park Ranger - National Park Service GS05

June-November 2013, 2014 | Oregon Caves National Monument

Develop and present cave tours with the intention of fostering intellectual and emotional connections with park resources, engage a wide variety of visitors, explain cave geology and chemistry to the general public, lead educational, candlelight, and off-trail tours

EDUCATION

THE OHIO STATE UNIVERSITY

Bachelor of Science in Environmental Policy and Decision Making

COLUMBUS STATE COMMUNITY COLLEGE

Associate of Arts (completed), GIS Certificate (in progress)
