RE: East Franklinton Zoning District

Mr. Papsidero,
On behalf of the Franklinton Board of Trade Trustees, please accept this letter as our declaration of support for the proposed East Franklinton Zoning District.

We feel that you and your team have done a thorough job of explaining the proposal, listening to concerns from the community and truly collaborating with all the stake holders to make the East Franklinton Zoning District a win for everyone involved.

The Franklinton Board of Trade is the "chamber of commerce" for the neighborhood and surrounding area. Our efforts include attracting and encouraging new businesses and to work with existing businesses to help them grow and prosper.

We are pleased to support this proposed legislation and are excited about the positive impact we anticipate with its passage.

Sincerely,

Dear Mark,

Allan Brown
Netcare

Thank you for visiting the Franklinton Development Association (FDA) monthly board of Trustees meeting on April 19, 2013 and presenting to our CDC the proposed East Franklinton District zoning strategy.

Sister Barbara Hahl
Mount Carmel West

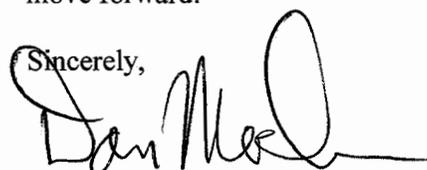

The FDA Board of Trustees has taken a couple of months to consider your presentation and look over the materials that you presented. We determined that the strategy that your office has devised will make East Franklinton a more attractive place for quality and catalytic investment by enhancing and expediting the development process. At our recent June meeting the FDA board voted to give it our full support.

Re: East Franklinton District.

Dear Mr. Papsidero,

At the June meeting of the Franklinton Area Commission, there was a unanimous vote in favor of the East Franklinton District, as described in the final draft. David Hooie abstained.

Thank you and your colleagues for all your hard work putting this plan together. We look forward to the future as we watch it all happen. We now look forward to working on the West Franklinton plan.

Judy Box.
