Kyle Celebuski, Management Analyst II
City of Columbus
910 Dublin Road
Columbus, OH 43215

Subject: Sole Source Procurement of ADS Products, Components, and Services Dear

Mr. Celebuski:

ADS LLC d/b/a ADS Environmental Services ("ADS") is the sole manufacturer of the ADS® Triton+® System and affiliated sensors, ADS® ECHO™ System, ADS® Rain Alert® III rain gauges, and ADS FlowSIGHT™ sewer inspection service. ADS is also the sole provider of the ADS PRISM software platform. ADS has developed this proprietary technology based upon 50 years of experience in wastewater applications.

Only ADS can meet the specifications and order fulfillment for ADS systems, components, parts, upgrade kits and accessories. Further, because of the high quality and complex technical nature of the equipment components, only ADS manufactured sensors, batteries, circuit boards, flow monitoring upgrade parts and upgrade kits can be used in conjunction with existing systems or to upgrade to newer systems. As such, only ADS, or ADS authorized resellers, may sell or distribute.

Sincerely,

A handwritten signature in black ink, appearing to be 'Tony Yang', is written over a horizontal blue line.
