An examination of the submitted proposals revealed the following discrepancies:

M. P. Dory

- Bid submittal documents require them to list 3 similar projects completed. M.P. Dory listed two: prior DPS guardrail project and an ODOT project completed in October 2010.
- Bid submittal documents requires them to identify the equipment to be used for the project and equipment status (owed/leased). They did not provide an itemized list of equipment. Instead, they stated, "Various trucks, trailers, post drivers and cranes. Over 70. All 100% owned."

Lake Erie Construction Co.

- Safety Compliance – OSHA, the offeror has listed 1 serious violation dated September 9, 2008 which is currently closed.

Recommendation:

With reference to bids received on January 13, 2011, I wish to make the following recommendation for the subject improvement:

Award is made to the lowest responsive and responsible and best bidder, M. P. Dory Co., for their bid of \$241,455.00, which is \$8,914.00 under the Engineer's estimate of \$250,369.00.

M. P. Dory Co. did not complete the Construction Contract Subcontractor Report as they checked the box that there was not any subcontracting opportunities for this contract.

Please respond to this e-mail indicating approval of the recommended contractor – M. P. Dory Co. – or approval of another contractor. If you approve another contractor please provide an explanation.

Emergency Action:

Emergency action is necessary to allow for timely execution of this contract and construction to protect the safety and welfare of the public.
