CHECKED BY: [Redacted]

Statement of Hardship**1454 Chesapeake Avenue**

The applicant is filing this council variance request in conjunction with a rezoning application requesting rezoning to the AR-1, apartment residential, zoning classification to allow for infill redevelopment of the property. These requests are appropriate in this location, and consistent with other neighborhood developments and the mixed-use nature of the greater neighborhood.

The following variances are requested:

C.C. 3333.02 – AR-12, ARLD, and AR-1 apartment residential district use.

To permit two dwellings on a lot, each dwelling containing two dwelling units (Lots 1 and 4).

To permit two dwellings on a lot, one dwelling containing three dwellings units and one dwelling containing two dwelling units (Lots 2 and 5).

C.C. 3333.055 – Exception for single- or two-family dwelling.

To permit two two-family dwellings on the same lot on Lots 1 , 2 and 4; to permit one three-family dwelling and one two-family dwelling on the same lot (Lot 5).

C.C. 3333.09 – Area requirements.

To permit Lots 1, 2, 4 and 5 to have multiple dwellings on a lot which has a lot width of less than 50 feet. Each of these platted lots are 40 feet in width.

C.C. 3333.16 – Fronting.

To permit dwellings on Lots 1, 2, 4 and 5 which do not front on a public street.

C.C. 3333.18 – Building lines.

To reduce the building setback from Chesapeake Avenue from 25 feet to 8 feet 3 inches.

3333.24 – Rear yard.

To reduce the rear yard from 25% of the total lot area to: 6% for Lot 1 and 2; and 18% for Lots 4 and 5.

3333.25 – Side or rear yard obstruction.

To permit parking in the minimum side and required rear yards on Lots 1, 2, 4, and 5.

3312.21 – Landscaping and screening.

To not provide parking lot perimeter screening on any Lot.

3312.12 – Driveway

To allow driveways that access greater than eight parking spaces to be 9 feet each, a total of 18 feet wide, rather than 20 feet wide, on Lots 1 and 2.

3312.25 – Maneuvering

To permit maneuvering across lot lines for parking.

3333.23(d) Minimum side yard permitted

To reduce the minimum side yard from 5 feet to 3 feet 1 inch on all Lots.

3321.05 – Vision clearance

To permit obstruction of a porch post and second floor balcony support to be with the required vision clearance area on Lots 1 and 2.

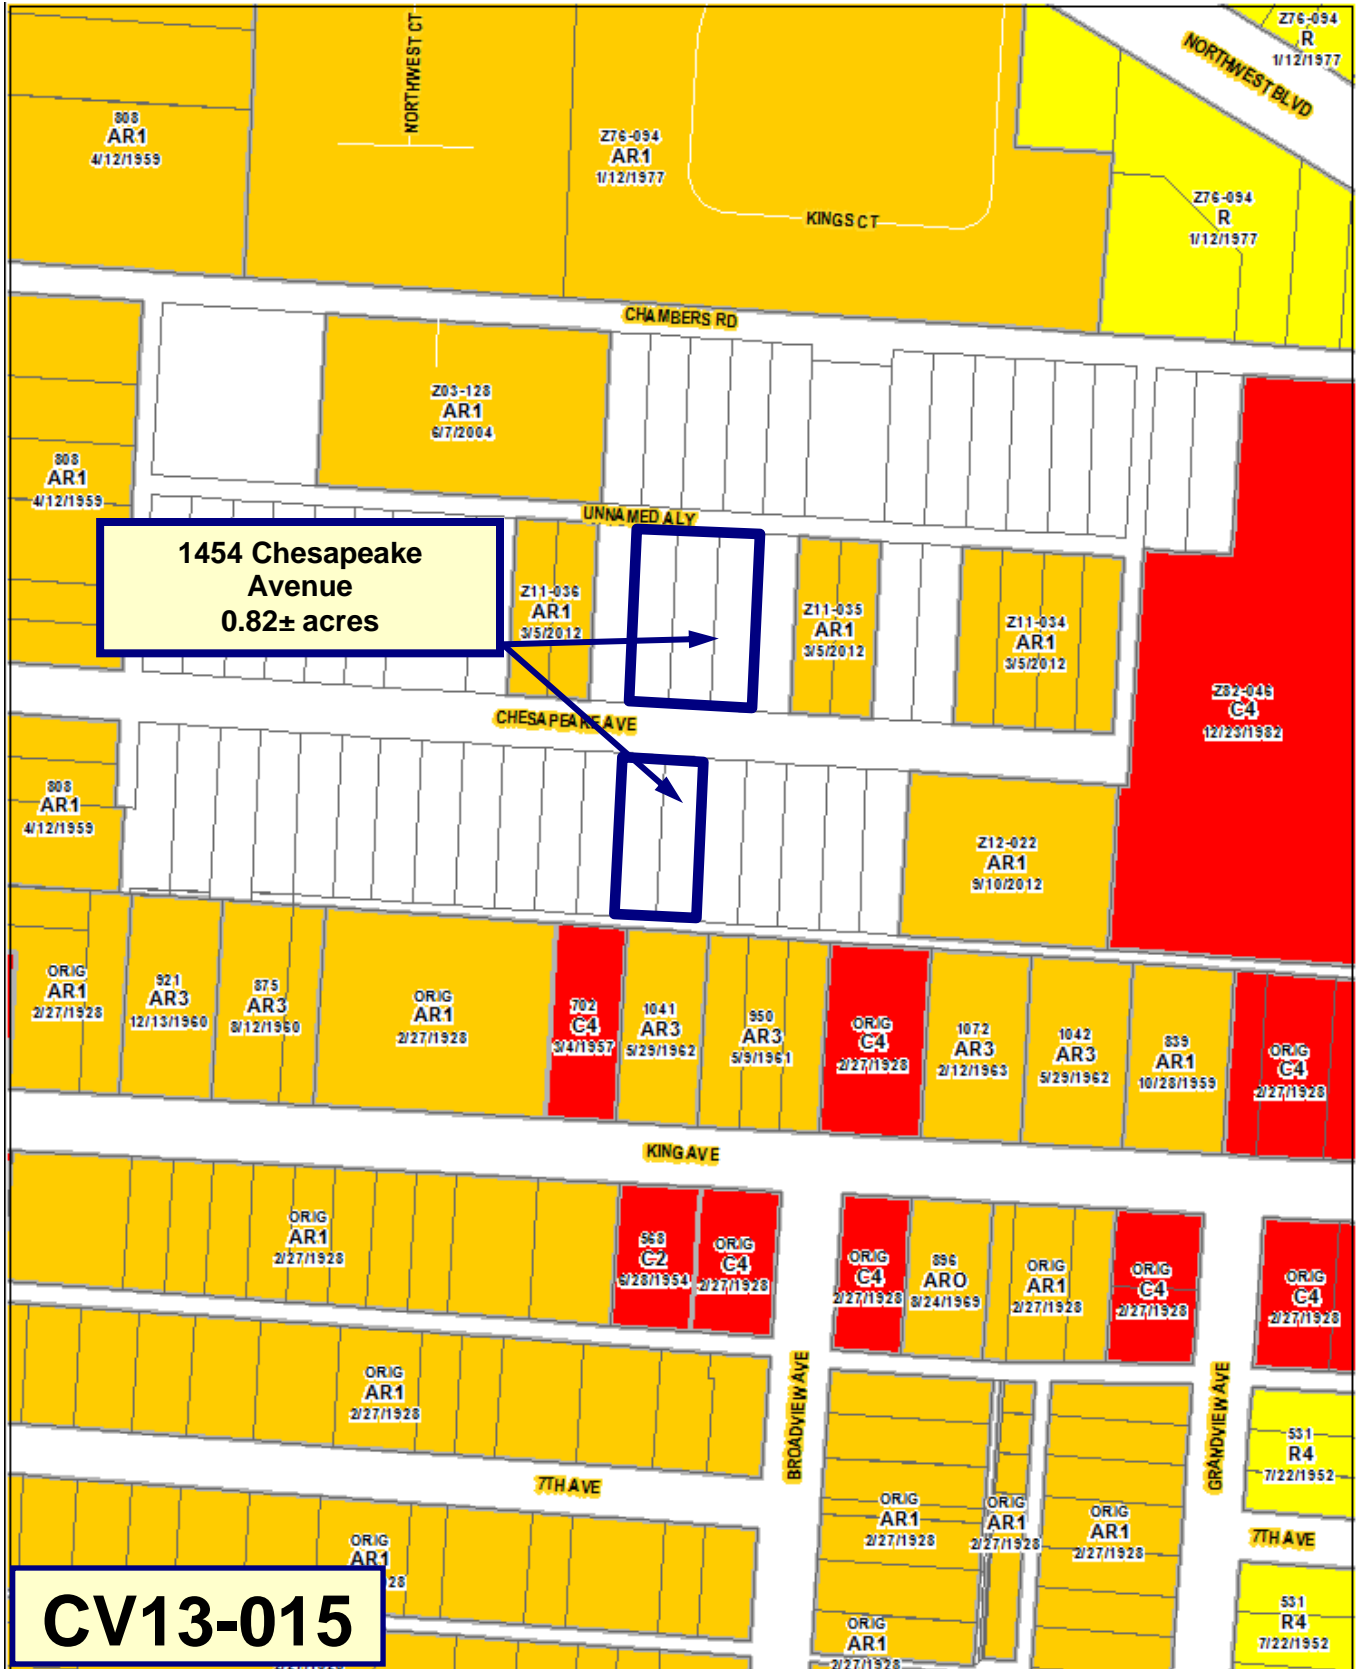

This proposed development of multi-family dwelling units is consistent with existing Columbus development. The proposed layout requires variances necessary and typical when developing an infill site in an older area of the City, such as this. A hardship exists in the Zoning Code because there is not a classification that would permit this proposal without a series of variances. The granting of these requested variances will not adversely affect the surrounding property or surrounding neighborhood, will not impair an adequate supply of light and air to adjacent properties, unreasonably increase the congestion of public streets, unreasonably diminish or impair established property values within the surrounding area, or otherwise impair the public health, safety, comfort, morals, or welfare of the inhabitants of the City of Columbus.

The applicant’s proposal provides for a significant aesthetic improvement to these properties and to the neighborhood in general and is consistent with the existing mixed-use nature of this area. The applicant respectfully requests the granting of these variances necessary for this appropriate development of the property.

Signature of Applicant: By: David Hodge

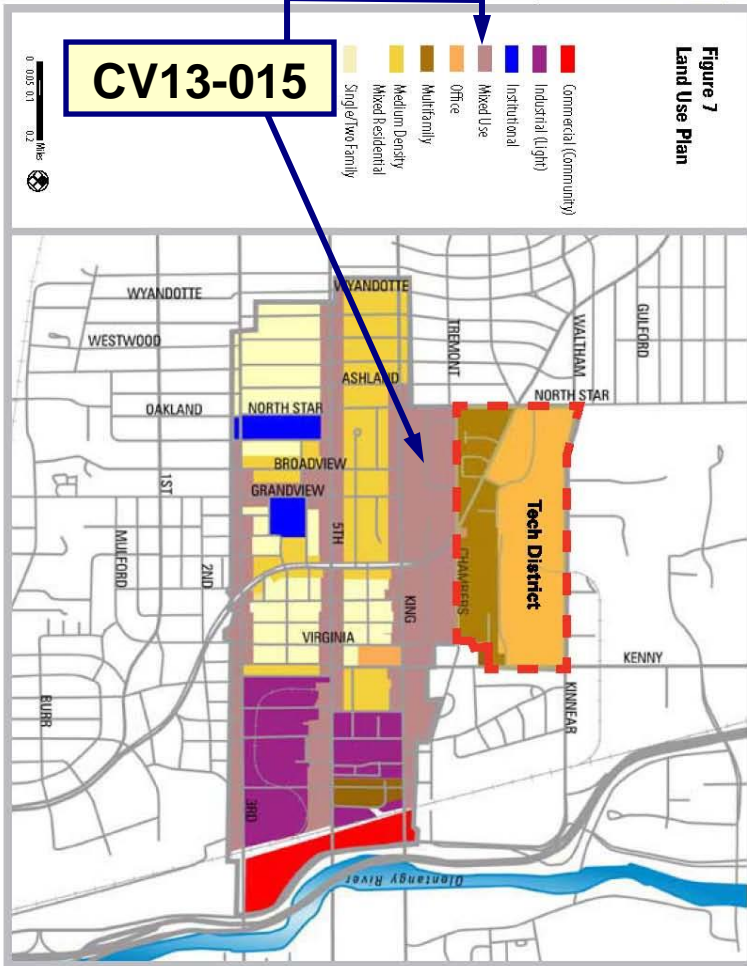

Date: June 10, 2013

Policy:
Mixed use development should be common on Fifth by Northwest's primary corridors and include multifamily housing, neighborhood-scale retail, offices, and other services that contribute to a walkable environment.

Guidelines/Strategies

- Mixed use (retail, office, multifamily) is recommended for Fifth Avenue and Grandview Avenue (south of Fifth). The intersection of Fifth and Northwest and Fifth and Grandview should be the focus of the most intense neighborhood activity, expressed in the form of higher densities and intense commercial buildings. The intersection of Northwest and Chambers may also serve as a mixed use redevelopment opportunity.
- Mixed use (office and multifamily) is recommended for King Avenue to the east of North Star Road, with Medium Density Mixed Residential recommended to the west of North Star Road. New retail should be limited to the sites of existing retail (such as at the intersections of King Avenue and Northwest Boulevard and King Avenue and North Star Road) or as part of a new mixed-use project, such as integrated within a single building (no new stand-alone retail).
