COLUMBUS CITY COUNCIL  
90 W. BROAD STREET  
COLUMBUS, OH 43215-9015

This letter concerns an amendment to Ordinance 1675-2004/Z02-107 for the site at 5542 Chantry Drive, to permit National Church Residences to proceed with the development of the planned multi-family use. The modification of plans for the site is the result of unanticipated storm water detention needs on site.

Applicants and their counsel have met with the Southeast Community Coalition numerous times during the course of this project's planning, and SECC has voted support, either for rezoning or variances for the site, at our regularly scheduled meetings in March 2003, February 2004, August 2004, and, most recently, on January 6, 2005. The Southeast Community Coalition supports this most recent revision of the plans for the site, as well as the rezoning and planned development of the site.

Thank you,
