These storm sewers have been identified as being in poor condition thru CCTV inspection and investigation of street and yard flooding complaints. Replacement of these sewers will reduce surface flooding, and will reduce the risk of sanitary sewer backups into basements or residential properties.

8. **An estimate of the full cost of the Contract including a separate estimate of any and all phases or proposed future contract modifications.**

The bid amount and proposed award amount is \$3,225,873.60, including a 20% construction contingency amount that will be utilized to fund needed and approved changes in the work. No contract modifications are anticipated at this time; however, construction exigency might later compel modification of this contract, if unforeseen difficulties are encountered.

Cost summary:

Original Contract	\$3,225,873.60
Future Anticipated Needs	\$ 0.00
CONTRACT TOTAL	\$3,225,873.60
