

Kevin E. Wood, P. E.
110 North Third Street, unit 401
Columbus, Ohio 43215
kwood@mecompanies.com

Education:

B.S., Civil Engineering, Ohio University, 1986

Professional Experience:

1986-Present

I currently serve as Vice President and Water & Sewer Group Manager at M-E Companies, Inc., a management and engineering firm based in Westerville, Ohio. Role includes managing division of firm which works to assist communities throughout Ohio in the development of water and sewer systems. Manages team of twenty engineers and technicians in the design and construction oversight of projects.

I have worked with rural and urban clients over the years as their “engineer of record” to assist with street rehabilitation projects and other traffic related issues. I have vast transportation/traffic resources at M-E who can assist me with any questions I have on these topics.

I am very involved with transportation/traffic issues as they pertain to urban living in Columbus. I live Downtown and have worked to support the streetcar initiative, the 3C rail initiative and other multi-modal initiatives. I am very interested in serving on the City of Columbus Transportation and Pedestrian Commission.

Organizational Affiliations:

ASCE, member

Water Environment Federation, member

National Groundwater Association, member

SAME, member

Engineer’s Club of Columbus, member

Columbus Metropolitan Club

Downtown Residents’ Association of Columbus, board member

Columbus Downtown Dog Park Association, vice chair

Columbus Landmarks Foundation, board member

1000 Friends of Central Ohio, member

Project OpenHand Columbus, board member

Engineer’s Club of Columbus, member

Community Experience:

Condominium board member since 2003

Co-chaired CityHop 2006, 2007, 2008 and 2009

Volunteered to plant Bicentennial Park 2005, 2006 and 2007

Prepared plans for downtown dog park at Fourth and Spring Streets

Worked with SID to obtain overnight parking at downtown parking meters

Member of Mayor's Downtown Streetcar Work Group

Co-Chair of Downtown Revitalization focus group on Mayor's 2012 Commission

Member of MORPC Regional Connections Work Group

Central Committee member

*Achieving
Exceptional Results
through Management
and Engineering*
