

Advancing security and well-being.

March 13, 2020

To: Justin Tunks – Procurement Specialists City of Columbus OH

Elgin Sweeper Company and Vactor Manufacturing, Inc. are represented by a world-wide distribution network offering expert service and genuine OEM quality parts for its and ELGIN street sweeping equipment and for VACTOR lines of sewer and catch basin cleaning equipment. Parts supplied by other vendors do not meet Elgin OEM standards or requirements. Equipping your truck with a part other than a specified OEM product could affect your OEM warranty and cause poor performance of the equipment. Both companies are subsidiaries of Federal Signal Corporation.

Jack Doheny Company is the sole distributor for the entire state of Ohio, including the City of Columbus, representing Elgin Sweeper Company and Vactor Manufacturing, Inc. and is responsible for the sales, service, warranty and provider of genuine OEM parts for the Elgin and Vactor Product lines.

The service technicians at Jack Doheny Company are factory certified to provide quality service work.

Challenge Manufacturing and Elgin Sweeper has entered into an exclusive agreement whereas Elgin Sweeper will distribute the Challenger Sweeper under the new name of the Elgin Broom Badger. Elgin Sweeper and our distributors will be responsible for the sales and all support required to support all Challenger branded and Broom Bader branded machines. Jack Doheny Companies is the sole source provider for all Broom Badger and Challenger OEM parts for the state of Ohio.

For all your equipment requirements, please contact: **Jack Doheny Company**
