

Eric D. Harvey, M.A., CTRS

Eric D. Harvey, Therapeutic Recreation Specialist at Twin Valley Behavioral Health care, oversees a comprehensive recreation therapy/adjunctive therapy program and serves on an interdisciplinary treatment team that evaluates patients, formulates and implements individual treatment plans. He previously worked as a case manager at new Horizons Youth and Family Services in Lancaster and was a clinical supervisor at the university of Toledo's Department of health and rehabilitation Services. He also was a Recreation Therapy Intern at North coast Behavioral Health care in Toledo, where he provided therapeutic interventions for psychiatric and forensic patients. Eric is a Certified Personal Trainer for the aerobic and Fitness Association of America and an active member of the Ohio Association for Health, Physical Education, Recreation and Dance. He received his Masters of Arts degree with a major in Recreation and Leisure Studies at the Toledo.

Why I want to be a commissioner:

To help represent my neighborhood, I was the first in St. Mary's area to volunteer for commissioner after discovering that we were unrepresented for two years. I walked the neighborhood and got community input before making that decision.
