To Whom It May Concern,

This letter confirms that StepMobile is the sole provider of kiosk solutions designed for use with the Ohio Community Supervision System (OCSS) Case Management System.

The kiosks provided by StepMobile are specifically configured to integrate with and support the workflows, functionality, and operational requirements of the OCSS Case Management System. At this time, Step Mobile is the only provider authorized and able to supply kiosks for use with this system.

Please let me know if any additional information is needed.

Sincerely,

A handwritten signature in cursive script that reads 'Tristan Gardner'.
