Columbus Housing Community Reinvestment Area: Housing Survey

In July and October 2025, a surveillance survey was conducted in the area to be known as the Columbus Housing Community Reinvestment Area (CHCRA). The purpose of the survey was to determine the location of housing units that appeared to be in need of repair or upgrading, vacant lots in need of redevelopment and the severity of structures that appeared to be in need of repair, and/or needing to be removed.

The area contains a mix of residential and commercial zoning. Photos are representative of property conditions within the proposed CHCRA area. All parcels are within the City of Columbus.

The results of these surveys are as follows:
