Hickman Lawn Care, Inc. – Grove City, OH
Facemyer Landscaping– Sunbury, OH

The status, Majority, MBE or FBE, of all companies bidding, or submitting an RFP or RFSQ

Hickman Lawn Care, Inc. - Majority
Facemyer Landscaping - FBE

A full description of all work to be performed including a full description of work to be performed during any known phasing of the contract.

The contract will allow for the identification and selective removal of invasive plants and noxious weed species from the land between the shoreline and numerous locations around the City's three drinking water reservoirs at the Griggs, O'Shaughnessy and Hoover Reservoirs. In addition to the selective removal of invasive plants and noxious weed species, the contract further allows for the mitigation of re-growth of these invasive and noxious species through spraying twice within the following 12 months. All herbicides that will be used are approved by the Division of Water. The invasive plant and noxious weed species to be managed under this contract include, but are not limited to bush honeysuckle, buckthorn, knotweed, wintercreeper, english ivy, poison ivy, and purple loosestrife.

A narrative timeline for the contract including a beginning date, beginning and ending dates for known phases of the contract and a projected ending date.

The original contract was for three (3) with funding to be added each year based upon mutual agreement, budgeted funds, and approval by City Council.

This is the 2nd renewal.

For each renewal year, funds for service shall be reviewed and expenditures shall be approved by ordinance of City Council, and the appropriation and certification of funds by the City Auditor. If unforeseen issues or difficulties are encountered that would require additional funding, a modification would be required.

Invasive Plant Management Service, Hickman Lawn Care Inc.
