A full description of all work to be performed including a full description of work to be performed during any known phasing of the contract.

irth Solutions, LLC will supply, integrate and support a ticket management system for the purposes of receiving and process buried asset location requests as generated by the Ohio Utilities Protection Service (OUPS). The ticket management system provides a web-based hosted solution and a locally installed mobile solution which can operate in a disconnected environment. This system is necessary in order for the Department of Public Utilities to receive, process, and document over 140,000 buried asset location requests annually. Future phases of this contract will extend the supply, integration and support of the same ticket management system.

A narrative timeline for the contract including a beginning date, beginning and ending dates for known phases of the contract and a projected ending date.

This agreement will be in effect for one year from the effective date of March 1, 2015 through and including February 29, 2016 and may be renewed for five (5) additional successive one year terms subject to authorization of Columbus City Council and the certification by the City Auditor of the availability of funds for such purposes. This service agreement will not automatically renew.
