Please provide agency recommendation. It appears we only have one possible responsive bidder - KNS Services. KNS did not return the addendum packet, so I'll need to clarify if that is material. We may need to just get an acknowledgment from them that they reviewed the addendum. Please review the rest of their bid for the requirements - but it appears they meet all others.

Midwest Security Services submitted a bid, but they are much higher than KNS, they did not include most of the bid packet, and they didn't even give us an original. Thanks.
