[Dave,](#)

This spec is for a vehicle to replace the truck that was involved in an accident a few months ago. It will be replaced with non-budget funds (I will be sending the completed form to James). OCA 602730 will be the owning location.

Thanks,

Bruce,

Attached is a spec for a C&C/Utility Box for a truck that was totaled out due to a recent accident involving a City COTA bus. Please let me know if you see any needed changes.

Thanks,
