Describe your community involvements in the past

In 2008 I organized and became the Coordinator of the Cedar Run Blockwatch. The primary objective of the blockwatch was to provide safety and security to the development and surrounding areas. After encouragement from the community, in 2010 I initiated and became President of the Cedar Run Civic Association. The primary focus of the Civic Association was to provide for community enhancement projects and events for the area. With the help and support of area blockwatches and the community, I began to organize the Waggoner Corridor which encompasses 13 blockwatches, civic associations, homeowners associations, local businesses and a farm ecology center. The Waggoner Corridor spans both Franklin County and Jefferson Township as well as areas of Pataskala and Reynoldsburg. The primary focus of these collective organizations and businesses is to pass and share criminal activity in an attempt to be more pro-active for the safety of the community. In cooperation with 24 other Blockwatch

organizations in 2010, I participated in the planning and initializing of the Far East Area Commission and as a Far East Area Task Force member.
