Subject: Interstate Commerce Exemption Letter

Dear Richard Metheny:

Heritage Health Solutions, Inc. is a company that provides health care services to various clients across the country. However, it does not fall under the jurisdiction of the Workers Compensation as it does not have any physical presence or personnel, whether they are full-time, part-time, or remote workers, within the boundaries of the State of Ohio. Therefore, Heritage is exempt from the regulations and requirements that apply to interstate commerce in the State of Ohio.

Should you have questions or require further details, please do not hesitate to call and/or email me at 469-293-3199 or sbenson@heritagehealthsolutions.com.

Sincerely,

Sean Benson
Director, Contract Management
