To Whom It May Concern:

H.D. Industries, Inc. is the sole manufacturer of the *Pro-Patch* Asphalt Pothole Patcher, Model TCM 425-100 and all related equipment parts. We are the sole source and distributor for the Pro-Patch parts and we have the exclusive territory for Dallas, Texas.

Features include:

Dry Radiant Heat System, U.S. Patent# 5988935

- The body has a dry radiant heat chamber heated by 2 each 150,000 BTU retort tube propane burners with vertical exhaust stacks.

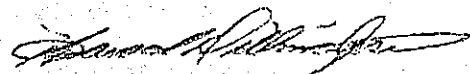

Exhaust Stack Dampener system, U.S. Patent# 6681761

- Exhaust stacks have an automatic electronic dampener that opens when burners are fired and closes when burners shut off to prevent heat loss.

Hydraulic Door safety System, U.S. Patent# 7037034

- Hydraulic valve has an internal or external safety design that will protect the operator by not allowing the screw conveyor or asphalt agitator to operate when the doors are open.

For any further information, please call me at (903) 586-6126 or visit our web site at www.pro-patch.com.
