Based on the **attached** information provided, I agree with the decision to purchase the Easement Machine using the DAS cooperative State Term contract. Thank you for the prompt reply to my request for additional information to support this action. Nappy

Hello Nappy,

I would like to request your approval to purchase this unit on OHIO STS - we have met with the Division and this is a one of a kind unit, very specialized for use and this unit on State will fit nicely, and is priced competitively - if so approved by Purchasing - please advise.

Thanks for your consideration!

Think we can get this approved before Nappy goes?

Kelly,

We are requesting to use state contract to purchase an easement machine from Doheny Supplies. They are the only distributor for this equipment manufactured by Sewer Cleaning Company of America. It will replace 20589, a 2001 unit.  
Thanks

Mike
