A description of work performed to date as part of the contract and a full description of work to be performed during any future phasing of the contract.

JDM Services LLC provides disposal services for clean soil mixed with clean, hard fill excavated during the repair of underground water and sewer pipelines. The material is trucked to the site by the City of Columbus. Costs are determined by number of truckloads, not by weight or volume of the soil or fill.

An updated contract timeline to contract completion.

The contract began March 25, 2014 and will be modified yearly.

A description of any and all modification to date including the amounts of each modification and the Contract Number Associated with any modification to date. (List each modification separately.)

ORD. 0214-2016 – JDM Services LLC

See cost summary below.

A full description of the work to be performed as part of the proposed contract modification. (Indicating the work to be a logical extension of the contract is not sufficient explanation.)

The proposed modification only increases the maximum financial obligation for anticipated disposal needs during 2016 and does not change the scope of the contract.

If the contract modification was not anticipated and explained in the original contract legislation a full explanation as to the reasons the work could not have been anticipated is required. (Changed or field conditions is not sufficient explanation. Describe in full the changed conditions that require modification of the contract scope and amount.)

This modification was anticipated and as stated above it is only for an increase in funding to meet the disposal needs in 2016.

An explanation of why the work to be performed as part of the contract modification cannot be bid out. (Indicating the work to be a logical extension of the contract is not sufficient explanation.)

Work under this modification is a continuation of services included in the scope of the original RFP. No lower pricing/more attractive terms and conditions are anticipated at this time.

A cost summary to include the original contract amount, the cost of each modification to date (List each modification separately), the cost of the modification being requested in the legislation, the estimated cost of any future known modifications and a total estimate of the contract cost.
