Site Information

- The 9.81 site is an infill annexation
- The current use is single family. The anticipated use is multi-unit residential.
- The site is located within the boundaries of the Rocky Fork - Blacklick Accord, which recommends Village Residential. There is not adoption of Columbus Citywide Planning Policies (C2P2).
- The site is not within the boundaries of an area commission.
- The site does require a boundary conformance.

Key Issues

- Annexation is sought to allow for development of multi-unit residential with Columbus services.
- Planning staff have conducted a preliminary review and are supportive of the proposed use. It is consistent with the plan and serves a public purpose.
- Annexation does not guarantee a zoning application will be approved. Zoning requests require a separate application process through the Department of Building and Zoning Services.
- This site currently has an open rezoning (Z22-095/CV22-144).

Legislative Information

- The Ohio Revised Code stipulates that once an annexation has been approved by the county, it must be accepted by the receiving municipality in order for the annexation process to be completed. The acceptance process involves a second city ordinance that may be acted upon a minimum of 60 days from the date the City Clerk receives record of the commissioner's action and a maximum of 120 days of City Council's first consideration of the second city ordinance.
