A full description of all work to be performed including a full description of work to be performed during any known phasing of the contract:

The proposed contract with Kokosing Construction Company is for Contract S69 - Chlorine Contact Tank No. 4, and is the second phase of project construction. This contract will provide for construction of the second new chlorine contact tank under this project, including the associated disinfection and dechlorination process equipment, and installation of an additional post-aeration blower.

A narrative timeline for the contract including a beginning date, beginning and ending dates for known phases of the contract and a projected ending date:

Contract work is required to be complete 420 days from the date that a Notice To Proceed is given by the City.

An estimate of the full estimated cost of the Contract including a separate estimate of any and all phases or proposed future contract modifications:

The bid amount and proposed award amount is \$3,573,058.65, including a 5% construction contingency amount that will be utilized as needed to fund any approved changes in the work. No contract modifications are anticipated at this time.

Note: The Contract should be considered to include any and all work that is anticipated to be awarded to the company awarded the original contract throughout the contract/project timeline. This includes the original contract and any and all future anticipated modifications to the contract to complete the contract/project:
