Ashon McKenzie  
Franklin County/CelebrateOne

Dear Ashon,

Thank you for submitting the Franklin County/CelebrateOne Infant Mortality Reduction Initiative proposal for SFYs 2023 and 2024 to the Ohio Department of Medicaid (ODM) and its managed care organizations (MCOs). The lead entity, CelebrateOne, has been awarded the following amount to disperse to its county partners for the biennium: **\$4,520,000.00**.

Please refer to the chart on the following page featuring the funding allocation, and work with your assigned managed care organization liaison on the contractual process and next steps.

You may share this information with your CBO contacts, team members and leaders. However, as we discussed, ODM and the MCOs request that no announcements be made regarding the award until we have an opportunity to review and approve all lead entities' press releases/announcements. We anticipate making all award announcements public by mid-July 2022. Thank you for this courtesy and congratulations!

Best regards,

Traci Bell-Thomas  
Infant Mortality Project Lead  
Ohio Department of Medicaid
