

Ord No. 2018-2008

1. **The names, location by City/State and status of all companies that submitted a competitive bid or RFP/RFSQ for the original contract.**

<u>Name</u>	<u>City/State</u>	<u>FID#</u>	<u>Maj/MBE/FBE</u>
Franklin County Engineer's Office (Project was publicly bid by Franklin County.)	Columbus, Ohio	31-6400067	N/A

2. **The name, address, contact name, phone number and contract number of the firm awarded the original contract.**

Franklin County Engineer's Office
970 Dublin Road
Columbus 43215
Ted Beidler, (614) 462-3072

3. **A description of work performed to date as part of the contract and a full description of work to be performed during any future phasing of the contract.**

The work included constructing a 36" water main in Dublin Road.

The Franklin County Engineer's Office was reconstructing a portion of Dublin Road. The Division of Power and Water (DOPW) had plans to construct a water main in this area at a future date. DOPW requested Franklin County to construct a portion of the planned water main and DOPW would then reimburse the County for those water main costs. This is advantageous for DOPW because it significantly reduces restoration costs associated with the project. Franklin County has already paid the contractor and they are requesting \$90,231.17 for the water-related costs associated with the project.

4. **A narrative timeline for the contract including a beginning date, beginning and ending dates for known phases of the contract and a projected ending date.**

The Franklin County project, including all water and road work, is completed.

5. **An estimate of the full cost of the Contract including a separate estimate of any and all phases or proposed future contract modifications.**

\$90,231.17

6. **Sub-Consultants identified to work on this contract:**

none
