5. **A full description of all work to be performed including a full description of work to be performed during any known phasing of the contract. The planning area should also be listed as well as any street or neighborhood names.**

This project will install a new UV disinfection system at the HCWP to provide a multi-barrier disinfection process (provide both chemical and physical disinfection). Work will include: modifications to filter face piping; installation of UV reactors on effluent piping of 24 filters; installation of UV power supply and control cabinets; electrical power distribution improvements, and other work as may be necessary to complete the contract, in accordance with the plans and specifications set forth in the Invitation For Bid.

Planning Area: “N/A” since the HCWP serves several communities.

6. **A narrative timeline for the contract including a beginning date, beginning and ending dates for known phases of the contract and a projected ending date.**

All work shall be substantially complete within 854 calendar days of the Notice to Proceed, with final completion to occur within 914 calendar days. The City anticipates issuing a Notice to Proceed on or about August 30, 2018.

7. **A narrative discussing the economic impact or economic advantages of the project; community outreach or input in the development of the project; and any environmental factors or advantages of the project.**

The addition of UV disinfection provides a multi-barrier treatment operation that improves public health protection by inactivating chlorine resistant microorganisms and other harmful pathogens. Water quality provided by the City is essential to human health and economic growth and development.

There were no public meetings held regarding this work. HCWP is a secure facility and is not publically accessible.

8. **An estimate of the full cost of the Contract including a separate estimate of any and all phases or proposed future contract modifications.**

The bid amount and proposed award amount is \$14,539,450.00, including a 15% construction contingency amount that will be utilized to fund needed and approved changes in the work. No contract modifications are anticipated at this time; however, construction exigency might later compel modification of this contract, if unforeseen difficulties are encountered.

Cost summary:

Original Contract	\$14,539,450.00
Future Anticipated Needs	\$ 0.00
CONTRACT TOTAL	\$14,539,450.00
