
CITY OF COLUMBUS - SOLE SOURCE INFORMATION FORM

TO ACCOMPANY LEGISLATION WHICH WAIVES
ANY PROVISIONS OF COLUMBUS CITY CODE CHAPTER 329.
(LIMIT YOUR RESPONSE TO THIS SHEET)

1. Verification of sole source: (Why no other individual or business entity is capable of supplying the needed item/service.)

- Sole source manufacturer/distributor.
- Sole distributor authorized for this territory.
- Patented product purchased for owner/developer.
- Sole company offering this unique service.
- Other:

2. Describe any effort to bid for alternate item (service or product) that is not provided by a sole source that would meet this need:

This is maintenance and support for an out of the box solution purchased in 2012 by Department of Public Utilities. No other company provides maintenance and support for the Geonexus product. It is an integration between ESRI GIS mapping solution and Oracle WAM work order management system. One product called GeoWorx Sync maintains synchronization between assets in both systems. When changes or updates are made in ESRI GIS, the asset records are updated if they currently exist in Oracle WAM or are created if not. GeoWorx Map allows users to search for and visually see assets on a map, select one or more assets, and then create a Service Request or Work Order in WAM moving the location and failure data from GeoWorx Map to Oracle WAM.

3. Describe efforts to determine/verify that the company is the sole source:

A sole source letter was obtained from the Geonexus Company that explains that no other company offers licensing, maintenance, or support for their products.

4. Indicate how the price or fee structure was determined:

The price/fee structure is determined by the company and is agreed upon by Department of Public Utilities staff when a new contract is necessary.
