Sub-lessee covenants that neither Sub-lessee nor its agents or employees acting within their scope of employment or agency will use, treat, store, possess or release any Hazardous Materials, in violation of any present or future federal, state or local laws, ordinances, rules, and regulations.

If at any time during the term of this Sub-lease it is determined that there are any Hazardous Materials located in, on, under, around or above the Premises introduced to the Premises by Sub-lessee or any of its agents or employees that are required to be abated, removed or otherwise remediated by any federal, state or local environmental law, statute, ordinance or regulation, court or administrative order or decree or private agreement (“Environmental Requirements”) requiring special handling of Hazardous Materials in their use, handling, collection, storage, treatment or disposal, Sub-lessee, as appropriate, shall commence remediation with diligence within thirty (30) days after receipt of notice or the presence of the Hazardous Materials requiring remediation, and shall continue to diligently take all appropriate action, Sub-lessee’s sole expense, to comply with all such Environmental Requirements.
