Columbus Water and Power

Re: Sole Source 501(c)(3) Non-Profit Environmental Training Center

Ms. Kristi Sergent:

This letter is to confirm that Operator Training Committee of Ohio, Inc, is the only 501(c)(3) Environmental Training Center in Region V recognized under the Clean Water Act Section 109(b).

OTCO is also the only training provider that is referenced in the following: "Ohio Administrative Code 3745-7-06 Certification of Professional Operator"

If you have any questions or need further information, please don't hesitate to contact me.

Respectfully,

Samuel F. Jacob, MBA
Co-Executive Director, OTCO
