

**Information to be included in all Legislation authorizing  
Entering into Contracts:**

The names of all companies bidding, or submitting an RFP or RFSQ  
EMH&T, Inc.; R.D. Zande & Associates, Inc.

The location by City and State of all companies bidding, or submitting an RFP or RFSQ  
EMH&T, Inc.(Columbus, Ohio); R.D. Zande & Associates, Inc. (Columbus, OH)

The status, Majority, MBE or FBE, of all companies bidding, or submitting an RFP or RFSQ  
All are Majority firms

A full description of all work to be performed including a full description of work to be performed during any known phasing of the contract.

EMH&T, Inc. will perform professional engineering services for this phase of the project. This phase will provide design services for 034.6C. 034.6B has been designed but not constructed, since construction estimates were determined to be cost prohibitive. 034.6C will expand upon the recommendations provided under 034.6B, and either verify or amend said recommendations to ensure that the simultaneous construction of both phases is economically feasible.

Professional engineering services on this project are required for determining the size, alignment, and construction method for extending sewer service to the designated tributary area.

General professional services to be performed under this contract include investigating the need for easements, performing field surveying, performing subsurface geotechnical investigations, preparing a Design Report to document evaluations and recommendations, obtaining and preparing all permits necessary, generating detailed construction plans and specifications, preparing site-specific maintenance of traffic plans, supplying all construction documents required for bidding, performing engineering services during construction, and preparing as-built drawings at the completion of the project.

A narrative timeline for the contract including a beginning date, beginning and ending dates for known phases of the contract and a projected ending date.

Projected beginning and ending dates for the professional engineering services for 034.6C are June 2007 and June 2013, respectively.

An estimate of the full estimated cost of the Contract including a separate estimate of any and all phases or proposed future contract modifications.

Services on this project will be provided by EMH&T, Inc. Services include a proposed future contract modification to lessen constraints on the capital improvement budget in the immediate future.

Initial Professional Engineering Services: \$2,137,198.16

Proposed Future Contract Modification: \$3,043,733.01

034.6C Total Contract Amount: \$5,180,931.17
