TO: H. Samuel Orth, III, Director, Department of Technology

CC: Rick A. Wagner, Deputy Director, Department of Technology
Pamela H. OGrady, Deputy Director, Department of Technology
Thomas S. Diamond, Assistant Director, Department of Technology

FROM: Andrew Stout, Station Manager Columbus Television

SUBJECT: Award Letter for Ctv Control Room

The Department of Technology (DoT) through utilization of a Request for Quotation process, received three vendors responses to RFQ018744 for the purchase of the hardware, software and implementation services for Ctv's Studio Control Room. We received bids from three vendors: iVideo Technologies, Magnasync Moviola Corp. (Filmtools) and Force.Tech Solutions. Their responses were reviewed and scored by a 3 person RFP committee. All three vendors have the necessary experience, but all bids were over the proposed budget of \$250,000.00; however, iVideo received the highest score for giving a clear layout for their proposal and being the closest to the budget. Because of this, the Department of Technology is recommending the award be made to iVideo as the most responsive bidder.

Vendor	Point Score	Cost
iVideo	425	\$256,281.23
Magnasync	404	\$263,947.00
Force.Tech	410	\$289,400.00

The responses were evaluated for pricing, experience, and quality. The Department of Technology is recommending that the award be made to the response from iVideo.
