5. **A full description of all work to be performed including a full description of work to be performed during any known phasing of the contract. The planning area should also be listed as well as any street or neighborhood names.**

The purpose of this project is to construct necessary improvements to the water distribution system in the East Deshler Avenue area. The improvements identified in the scope of work will replace water lines that have high break histories and require frequent maintenance. This project includes replacing approximately 2,807 linear feet of 6-inch water main and appurtenances, 9,759 linear feet of 8-inch water main and appurtenances, 40 linear feet of 12-inch water main and appurtenances and other such work as may be necessary to complete the contract, in accordance with the plans and specifications in the Invitation For Bid (IFB).

The Community Planning Area is “Near South” and includes the following areas: East Deshler Ave., Walnut St., Moler Rd., Rhoads Ave., Bulen Ave., Fairwood Ave., Seymour Ave., East Whittier St., Lockbourne Rd., and East Kossuth St.

6. **A narrative timeline for the contract including a beginning date, beginning and ending dates for known phases of the contract and a projected ending date.**

Contract work is required to be completed in a manner acceptable to the City within 270 days from the date that a Notice To Proceed (NTP) is given by the City.

7. **A narrative discussing the economic impact or economic advantages of the project; community outreach or input in the development of the project; and any environmental factors or advantages of the project.**

The goal of this project is to replace or rehabilitate the existing 6-inch, 8-inch and 12-inch water lines that have a high break frequency. Replacement of these water lines will improve water service, decrease burden on water maintenance operations, and reduce water loss. The Neighborhood Liaison(s) will be contacted and informed of this project during the design phase. Further community outreach may result through the Neighborhood Liaison Program.

8. **An estimate of the full cost of the Contract including a separate estimate of any and all phases or proposed future contract modifications.**

The bid amount and proposed award amount is \$2,634,735.38, including a 10% construction contingency amount that will be utilized to fund needed and approved changes in the work. No contract modifications are anticipated at this time; however, construction exigency might later compel modification of this contract, if unforeseen difficulties are encountered.

Cost summary:

Original Contract	\$2,634,735.38
Future Anticipated Needs	\$ 0.00
CONTRACT TOTAL	\$2,634,735.38
