A full description of all work to be performed including a full description of work to be performed during any known phasing of the contract.

DPU seeks the assistance of a qualified and experienced Watershed Building Roof Replacement contractor to provide the following scope of work:

- Removal and demolition of existing asphalt shingle roof
- Replace roof with Standing Seam Metal Roof
- All work to be performed in accordance with the best practice of the trade and specified in detail
- In the Technical Specifications.
- Removal of existing gutters and install new aluminum gutters
- Install one layer of new polypropylene underlayment over an ice and water shield membrane.

A narrative timeline for the contract including a beginning date, beginning and ending dates for known phases of the contract and a projected ending date.

The Department envisions the work under this contract shall be completed in a manner acceptable to the City within 45 calendar days after the date of the Notice to Proceed.

An estimate of the full estimated cost of the Contract including a separate estimate of any and all phases or proposed future contract modifications.

The Department envisions the work under this contract shall be completed in a manner acceptable to the City within 45 calendar days after the date of the Notice to Proceed. Based on current bidding for this scope of work, the Department has budgeted **\$50,000 for work on this Contract in 2014**. The scope of work under this Contract will be scoped, scheduled, and budgeted prior to execution such that the year's billing will not exceed the annual overall budget.
