Ms. Lori LeClair
City of Columbus
Department of Technology
PO Box 2949
Columbus, OH 43216-2949

Dear Lori:

This document is to serve as certification that B&L is the sole source supplier for software licenses, maintenance and support for the BL/LIB Software Product licensed to the City of Columbus.

This software mentioned above is developed and supported by B&L Associates and is not available from any other source.

Also, please note the B&L Associates, Inc. does not have a presence in Ohio and therefore does not have to submit an Ohio Bureau of Workers Compensation Certificate. I have attached a current Certificate of Insurance which should cover the Certification of Liability issue.

If you need further information, please contact me.

Sincerely,

A handwritten signature in black ink, appearing to read 'Leonard J. DiCarlo', written over a light gray background.

Leonard J. DiCarlo
B&L Associates, Inc.
