

Karen Rogers, NAC

1. How long have you lived in the neighborhood?

18+ years. Originally, my childhood neighborhood, then I returned home, when my parents moved elsewhere.

2. What interests you about getting involved with your Area Commission?

Have always liked working with people and in the community to achieve a common goal. Being involved with the commission gives me a broader scope of events that affect the northeast side. And the opportunity to participate in some decision making regarding our neighborhoods.

3. Are you employed? If so, in what field and with what employer?

Previously held a job in public service until my retirement. I currently work as a licensed realtor.

4. Do you serve on any boards, committees, or other community or business associations? If so, please list them.

Serve on the Cumberland Ridge Civic Association Collaborative.
