

March 16, 2017

TO: Sam Orth, Director and CIO, Department of Technology

From: Bill Rogers, Network Infrastructure Manager

SUBJECT: Award of Solicitation 47-0003092017 DOT/POLICE SUBSTATION #9 CONDUIT BUILD.

The Department of Technology (DoT) through utilization of the Bid Express process, received 2 bids in response to Solicitation 47-0003092017 DOT/POLICE SUBSTATION #9 CONDUIT BUILD for the City's fiber infrastructure. The two bids received were from Gudenkauf Corp (\$42,515.00) and The Fishel Company (\$21,074.88). The Department of Technology has reviewed the proposals received, and is recommending that the award be made to The Fishel Company, the lowest responsible bid submitted.

The Fishel Company has the required experience servicing customers in a Metropolitan sized environment. The Fishel Company has also provided fiber construction service to the City in the past and has provided the needed expertise in all facets of our fiber infrastructure, therefore it is recommended that The Fishel Company be awarded this bid.

If you have any questions please contact Bill Rogers, at 614-645-0776.

CC: Sherry Kish, Deputy Director, Department of Technology

Gwendolyn Akroettoe, Assistant Director, Department of Technology
