RE: Razorooter® Patent and Licensing Information

To Whom it May Concern:

RAZOROOTER®, a proprietary product of Duke's Root Control, Inc., is the only diquat-based, sewer root control product that is registered with the U.S. Environmental Protection Agency (EPA Registration No. 94625-3).

At the present time, Duke's Root Control, Inc. is the only commercial applicator licensed to apply RAZOROOTER® in Ohio. Duke's is registered with the Ohio Department of Agriculture, and Duke's applicators are certified with this same agency to perform pesticide applications to sewers.

If you have any questions or require additional information, please contact me at 1-800-447-6687.

Sincerely,

A handwritten signature in black ink that reads "Robert S. Hunn, Jr." in a cursive script.
