Subject: Thor II Electronic CounterMeasure System (ECM)

Sierra Nevada Corporation (SNC) is pleased to respond to your query regarding the FBI-approved Thor II ECM system. The Thor II system was originally designed by SNC in support of America's Armed Forces and is now being made available through our association with the FBI to appropriate state/local agencies.

SNC is the sole supplier of the Thor II ECM system. Additionally, SNC is the sole provider of the associated functions required to support the Thor II system during deployment; training, depot-repair and, on-going maintenance of purchased systems.

System pricing for the Thor II system and the various support options will be provided to you under separate cover. Any technical questions regarding the Thor II should be directed to our Product Director, Dave Ackerman at (916) 850-7065 or via email to dave.ackerman@sncorp.com. Contractual issues should be directed to the undersigned at (916) 850-7045 or via email to lenny.taylor@sncorp.com. We look forward to working with you.

Sincerely,

A handwritten signature in black ink, appearing to read 'Lenny Taylor', with a stylized flourish at the end.

Lenny Taylor
