Explanation

BACKGROUND: This legislation authorizes the Director of the Department of Public Safety to enter into contract with The Research Foundation of the City University of New York on behalf of the National Network for Safe Communities (NNSC) at John Jay College to work directly with the Columbus Violence Reduction (CVR) team and other Columbus officials and community leaders to advance the Group Violence Intervention (GVI) implementation and strengthen police legitimacy. Through regular strategic advising, NNSC will support Columbus' efforts to increase number and regularity of custom notifications to get GVI message out and effectively decrease group violence.

CVR, with active support and guidance from NNSC, will collectively lead and ensure the success of the GVI implementation. NNSC will serve as national experts on the GVI framework and will work with CVR to adapt the framework to the unique local conditions in Columbus. Columbus -through the local Project Manager-will manage all major implementation efforts, act as the "local expert" on the ground, and be responsible for ensuring participation and engagement by local partners and stakeholders in scheduled NNSC activities. To ensure the effectiveness of these efforts, Columbus will:

- Continue to include the CVR Project Manager in shooting reviews for appropriate feedback about the shooting reviews effectiveness. CPD will prepare a synopsis of the Shooting Review to NNSC advisors on at least a quarterly basis.
- Share appropriate information about custom notification recipients with NNSC advisors. This information includes what incidents people were recently involved in, what group they are associated with, what previous incidents they have been involved with, etc. CPD will not disclose details that could impede the active investigations.

This legislation seeks a waiver of the competitive bidding provisions of the Columbus City Code. National Network for Safe Communities, a project of John Jay College of Criminal Justice is uniquely well-suited to

serve as consultants to Columbus' law enforcement and community partners in their implementation efforts. David Kennedy and the National Network is also the only entity that can offer access to scores of jurisdictions across the country that are implementing its violence intervention strategies, providing Columbus the opportunity to directly collaborate with and learn from peers doing this work. The city worked with this group in 2020, 2021, and 2022.

Term: The agreement shall be for the period covering October 4, 2023 and ending August 31, 2024.

Fiscal Impact: This legislation authorizes the expenditure of \$59,700.00 from the General Fund with the Research Foundation of the City University of New York to support a comprehensive problem analysis of serious violence in the City of Columbus. The City contracted with the Research Foundation for \$80,000.00 in 2020 and \$195,000.00 in 2021 and \$150,000.00 in 2022. Funding is available in Public Safety's 2022 General Fund Budget for this contract.

Emergency action is requested so that a contract can be entered into immediately and project activities can begin without delay.
