To: Paula Hall, City of Columbus, Contracts Specialist

Subject: Status of eProximiti

I am happy to respond to your request for information regarding the relationship of eProximiti and Duet Health Inc. I will lay it out as succinctly as I can – and feel free to call me if you have other questions, Paula.

eProximiti is a “registered” dba of Duet Health Inc. We were advised that we could continue to do work under that name since eProximiti LLC was legally acquired by Duet Health Inc. The dba registration in Ohio was completed by our attorney, Tom Washbush, who is now with the Bricker firm here in Columbus.

Duet Health Inc. is the owner of any and all eProximiti assets and agreements. Duet Inc. was registered in the State of Delaware by our investor group (Baird Capital) legal staff in July of 2013.

In terms of our work with the City of Columbus (and all other entities, whether in the name of eProximiti or Duet Health Inc.), we remain Columbus based. ALL employees work here, and all services are performed here. Our office has been at 1020 Dennison Ave for more than two years. We have been Columbus based since we opened for business in January 2009.

As I said, please let me know if any other information is needed.

Ivan
