Exhibit A

Exhibit A

Statement of Hardship

237 Dakota Ave., Columbus OH 43222 Parcel ID #010-056633

237 Dakota

The 8,256 square foot parcel is located at the southwest corner of Dakota Avenue and Rich Street, is zoned C-4, Commercial and was formerly a corner market but is currently vacant land. Applicant proposes to change the use of the parcel to residential use by building a new single family dwelling (on each parcel).

The C-4 Commercial District permits residential use if located over a ground level commercial use. Applicant proposes to change the use of the entire parcel to residential use with the proposed two story single family dwelling(s), including ground level residential use and residential use not located over a ground level commercial use and accessory parking for each dwelling unit.

Applicant submits this application to request a variance to section 3356.03, C-4 Permitted Uses, to permit ground level residential use in a manner consistent with adjacent properties. We are also requesting a variance to section 3356.11(A)(4), C-4 District setback lines, to permit a 4.3 foot variance to the required 10.0 foot side street setback along W Rich Street to create a side street setback of 5.7 feet. We also request a 20 foot variance to section 3321.05(B)(2), Vision Clearance, to reduce site triangle distance from 30 feet to 10 feet to allow proposed dwelling to match the front setback of adjoining existing dwellings as outlined in section 3356.11(A)(3). Finally, we are requesting a 6.0 foot parking setback line variance to section 3312.27(3), Parking Setback Lines, to change the minimum distance from 10.0 feet to 4.0 feet along W Rich Street to allow one off street parking spot adjacent to the proposed garage.

All adjacent properties are residential uses and single family homes. Commercial development would be an inappropriate use of this parcel at this time since land use patterns have changed and infill residential development is more consistent with the wishes of the neighborhood residents and Franklinton Area Commission.

Granting of this variance will not impair an adequate supply of light and air to the adjacent property, unreasonably increase the congestion of the public streets, increase the dangers of fires, endanger the public safety, unreasonably diminish or impair established property values within the surrounding area, or in any other respect impair the public health, safety, comfort, morals or welfare of the inhabitants of the City of Columbus.

May 11, 2010

To Whom it may concern,

The Franklinton Area Commission voted at its regular meeting on May 11, 2010 to support the Council variances to allow construction of new homes on the C-4 zoned lots proposed below.

There are three lots included on the Boulevard Homes list which are not zoned for residential uses. One of these is 237 Dakota which will be split into two lots (see above) so technically there are four council variances requested. All council variance requests are to build a residential structure on a non-residentially zoned parcel. They are not rezoning applications.

237 Dakota Applicant submits this application to request a variance to section 3356.03, C-4 Permitted Uses, to permit ground level residential use in a manner consistent with adjacent properties. We are also requesting a variance to section 3356.11(A)(4), C-4 District setback lines, to permit a 4.3 foot variance to the required 10.0 foot side street setback along W Rich Street to create a side street setback of 5.7 feet. We also request a 20 foot variance to section 3321.05(B)(2), Vision Clearance, to reduce site triangle distance from 30 feet to 10 feet to allow proposed dwelling to match the front setback of adjoining existing dwellings as outlined in section 3356.11(A)(3). Finally, we are requesting a 6.0 foot parking setback line variance to section 3312.27(3), Parking Setback Lines, to change the minimum distance from 10.0 feet to 4.0 feet along W Rich Street to allow one off street parking spot adjacent to the proposed garage.

<u>Address</u>	<u>location</u>	<u>zoned</u>
