City Attorney: Following review and approval, when required, this ordinance has been reviewed by the City Attorney's Office as to its form and legality only.

Explanation

BACKGROUND: This legislation authorizes the Finance and Management Director to establish a Universal Term Contract (UTC) for the option to purchase Upgrade Boundary Network and VoIP Communication with CDW Government, LLC. The Department of Technology is the sole user for services and materials to upgrade the City's network and phone communications. Data, voice, multimedia, network equipment, platform accessories, and services are used to make necessary network improvements. The term of the proposed option contract would be approximately three (3) years, expiring January 31, 2025, with the option to renew for one (1) additional year. In addition, the expenditure of \$1.00 is hereby authorized from General Budget Reservation BRPO001670.

A formal best value proposal (BVP) was solicited for the purchase of network and VoIP communications equipment and services.

Proposals were evaluated by a three (3) member committee, based upon various criteria including specification conformity and completeness of response, total cost of ownership, past performance, total cost of ownership and past performance resulting in an award recommendation to CDW Government, LLC.

BID INFORMATION: Request for Quotation RFQ020154 was advertised and proposals were opened November 18, 2021. Two (2) responses were received.

An evaluation committee consisting of three (3) representatives from the Department of Technology. Each member of the committee scored and ranked the proposals. All offers and cost proposals were evaluated in compliance with Columbus City Code 329, the committee submitted final rankings.

CDW Government, LLC received the highest score, 90.83 out of 100 points. The selected Offeror provides the expertise and cost control to effectively upgrade the City's communication network.

The request for purchase of the Upgrade Boundary Network and VoIP Communication used the best value competitive sealed proposal process to award the supplier that provided the relevant criteria specifically listed in the BVP and the lowest cost.

In accordance with the Committee recommendations, the Purchasing Office recommends the award to:

CDW Government, LLC, CC# 007352, expires 2/12/2022, All items and catalogue, \$1.00
Total Estimated Annual Expenditure: \$7,000,000, Department of Technology, the sole user.

Emergency Designation: The Finance and Management Department respectfully requests this legislation to be considered an emergency ordinance because the aging network and voice equipment requires installation of new equipment to sustain the City's communication needs.

The company is not debarred according to the Excluded Party Listing System of the Federal Government or prohibited from being awarded a contract according to the Auditor of State Unresolved Findings for Recovery Certified Search.

FISCAL IMPACT: The expenditure of \$1.00 is hereby authorized from General Budget Reservation

BRPO001670. Department of Technology will be required to obtain approval to expend from their own appropriations for their estimated annual expenditures.
