

**Information to be included in all Legislation authorizing entering into a Contract:**

1. **The names, contract compliance no. & expiration date, location by City/State and status of all companies (NPO, MAJ, MBE, FBE, HL1, AS1, or MBR) submitting a competitive bid or submitting an RFP or RFSQ.**

<u>Name</u>	<u>C.C. No./Exp. Date</u>	<u>City/State</u>	<u>Status</u>
Franklin County Engineer's Office (Project was publicly bid by Franklin County.)	31-6400067/033 - N/A	Columbus, OH	N/A

2. **What type of bidding process was used (ITB, RFP, RFSQ, Competitive Bid).**  
The Franklin County Engineer's Office competitively bid this project.
3. **List the ranking and order of all bidders.**  
N/A
4. **Complete address, contact name and phone number for the successful bidder only.**  
Franklin County Engineer's Office  
970 Dublin Road  
Columbus, Ohio 43215  
Ted Beidler, P.E., Project Coordinator (614) 462-3072
5. **A full description of all work to be performed including a full description of work to be performed during any known phasing of the contract.**  
A 24-inch water main was installed along Georgesville Road during the Franklin County Engineer's Office construction of the road improvement between West Broad Street and Sullivant Avenue. Franklin County's project lowered the existing road requiring the water main to be replaced. The 2012 Water Distribution Master Plan identified the existing 16-inch water main as a hydraulic restriction, therefore, the 16-inch main was replaced with a 24-inch main to improve flow within the district.
6. **A narrative timeline for the contract including a beginning date, beginning and ending dates for known phases of the contract and a projected ending date.**  
NTP was 8/18/11, Completion Date was 9/10/12.
7. **A narrative discussing the economic impact or economic advantages of the project; community outreach or input in the development of the project; and any environmental factors or advantages of the project.**  
By replacing this main during Franklin County's project, the impact to the traveling public was reduced. By reducing the traffic impact, the carbon dioxide pollutants released due to increased idling was limited. By installing the water main under Franklin County's contract the City saved the expense and time of bidding the project.
8. **An estimate of the full cost of the Contract including a separate estimate of any and all phases or proposed future contract modifications.**  
Total cost of water work: \$1,400,000.00.

**9. Sub-Consultants identified to work on this contract, their contract compliance no. & expiration date, and their status (NPO, MAJ, MBE, FBE, HL1, AS1, or MBR):**

<u>Name</u>	<u>C.C. No./Exp. Date</u>	<u>Status</u>
N/A		

**10. Scope of work for each subcontractor and their estimate of dollar value to be paid.**

N/A
