**Project No. 02520014BB0623**

Dear Kirsten,

The Ohio Department of Health, Bureau of Health Services, Violence and Injury Prevention Section has awarded additional funding to Columbus Public Health to support the increase to support for statewide injury coalition membership development through the Occupant Protection Regional Coordination (BB24), ODH is funding your agency **an additional \$2,750 to your BB24 grant** to assist with ensuring the statewide injury prevention membership development strategies are completed.

Your agency is eligible to receive \$2,750 in additional funds. Your agency must submit a budget revision based on \$71,810 in total funds and must be submitted no later than July 29, 2024 via the Grants Management Information System (GMIS) and in accordance with ODH Grants Administration Policies and Procedures (OGAPP) or your agency may lose its opportunity for these additional funds. The additional funds will be added to Deliverable #16 for additional child passenger safety education outreach activities. This extra funding is available due to a staff vacancy.

Your agency will receive a revised Notice of Award after the budget revision is approved by ODH. Since this budget revision is required by ODH to adjust your grant award, it will not count against the number of budget revisions available this fiscal year.
