Martin Janis Senior Center
600 E. 11 Ave., 43211

Existing camera systems at most sites are Bosch, Divar. Brentnell and the Maintenance Headquarters (HQ) are different. HQ is Bosch, Dibos.

The DVR at Brentnell needs updated/replaced and we would like to change Brentnell and HQ to use the same operating system as the other sites.

For some of the sites that currently have cameras, we would like to add a few cameras and move some. We would also like to have the existing cameras looked at to see if new/better lenses can be added.
